There are 8 of you here

Suitable title

I'm Sharareh Jelveh

I'm Fateme for you

My free time activities, I like watching films and hangout with friends and family members

What I like most is being with animals

Who want to talk first?

Do not stop

Your voice is not loud enough

I talk to you later

You need it

How to read ?

1. **Observing** the title and the picture to guess the gist
2. Reading the **questions** to get ready
3. Finding the **key** words
4. **Paraphrasing** the key words: synonyms/ antonyms/ definitions
5. **Skimming** the paraphrase to get the general information of the text to write the heading
6. **Scanning** the paragraphs to get the specific information to answer the questions.
  - The question tell you, you need scanning or skimming

Paraphrase: is keeping or saving the meaning keep the meaning like countless, not few, not a few, numerous, lot of, ...

Some word because they are special word could not be paraphrase

Ex1:

Technology effect the people life => paraphrase part of speech => technology is effective on people life

Technology impact/influence the individuals life

Paraphrase help to find the answer

- Finding the answer question
- Finding the concept

Paraphrase can help me to find the answer location

جواب پیدا کردن میتونه دو تا بعد داشته باشه

۱. جواب کجا میتونه باشه

۲. جواب چی میتونه باشه

Finding the answer

Finding the answer location

In the question we see the effect and in text, we see influence this connection can help me find the answer => I can guess the place of correct answer

=> it can help to increase the speed

Hardly ever: almost never, rarely

What is the difference between scanning and skimming?

Skimming => general idea of the text not detail

Scanning => going through the detail => you get the detail as your answer and don't care what is the general purpose

- How to improve our lexical knowledge?

- There are several ways which help us boost our vocabulary information learning another language and if you follow them you will not have any problem. first, try to check the new words' pronunciation, spelling, part of speech, and related examples to understand them better. Moreover, writing sentences or paragraphs by the new ones can help you find your mistakes and errors which can affect the accuracy of your knowledge. If you consider all these points, you will develop your lexical information for sure.

-----

-- There are several things you can do to have a perfect and enjoyable weekend. First, make sure that you know a place that is relaxing enough that can help you get the most out of your time. Then, try to call your friends or your family members who make you enjoy your time more due to being with them. If you do all those things, you will have a great weekend.

-----

- There are several ways a person can do yoga. As you know this sport is one of the most popular ones and a lot of people like to do it because of the great feeling they could have after doing yoga. It is good to go to nature a calm, quiet, and green place, stretch your body first then make your muscles ready for a bit more difficult activities. Then, after doing that for almost 30 minutes try to meditate to get a better result and feel better. Follow these steps to do yoga and enjoy that.

### Writing:

1. there areth several things that we van do before going camping: first of all we should find some place that we sure about that and it be safe for night and far from away wild animals. and then collect some food and water . also we must have some friend to beside us for avoid of alone
2. Next week is my friend's birthday, I want to have a party. I have to prepare food and fruit for the party. First I will have cake and coffee, then we will have dinner
3. there are many ways to have great weekend. it is totallay based on your personality if you are an introvert person you can stay at home and see the movies or read the books,etc but if you are a extrovert person you can call your friends and go out with them or go to the party with them, you can also take a trip with your friends or your family,etc.these are my suggestion and i think if you coose one of those base on your personalityand favorites you gonna have a wonderfull weekend.
4. it is simple to give a party if you follow these steps.At first choose a good and big place for your guests then buy delicious foods and drinks like new fingerfoods then you need a good music Dj to play best songs then you can invite your good friends and have a good party together.

5. To cook pizza, we need to do a few things. First, prepare the dough. Second, cook the desired ingredients if needed. Third. pour the four ingredients on the kheer. then pour the cheese on it. Finally in the oven
6. there are several ways that we do yoga and after that we have a calm mind and a good body . first we can go to a good class with a professional tutor and learn how can do yoga best, after that we can go to the nature and find a silent place and after the meditation do yoga only or with a group.
7. first it is better determine how many people you want invite and plan for food and entertainments.if you prepare food before they arrive you can more stay with guest and play them.you must try to make fun time for them if you are always in kitchen they get bored.if you follow this steps you can have memorable party.
8. If you want to have a great party, you should follow my instructions. First, know about who guests you have(make a first list) then prepare foods and fruit and drinks for the welcome your guest.After that, you should know how many members can come(second list) and you shouldn't waste your time preparing everything for all of the guests. (just who can come and prepare for them)In the end take it easy and have some entertainment for them and enjoy yourself too.
9. AI:To host an exceptional party, it is crucial to understand your guest list. Take the time to familiarize yourself with the attendees, their preferences, and any special considerations they may have. Once you have a clear idea of who will be joining, start preparing the ingredients and crafting a menu that caters to their tastes. Be sure to include a variety of food and fruit options to welcome your guests with a delightful spread.

As you plan, keep in mind the number of confirmed attendees. Focus your efforts on preparing enough food and beverages for those who will be present, avoiding unnecessary waste and ensuring that everyone is well taken care of. Quality over quantity is key when it comes to creating a memorable experience for your guests.

Finally, remember to relax and enjoy the festivities alongside your guests. Incorporate some entertainment or activities that will keep everyone engaged and having a great time. By striking a balance between hosting responsibilities and personal enjoyment, you can create a welcoming and enjoyable atmosphere that leaves a lasting impression on your guests.
